PetBuddies Wireframe Example - Version 1.0

Example wireframes about a fictional social network for pets

Allows people to understand PetBuddies, login, or signups for a new account.

The wireframe shows a browser window with the following elements:

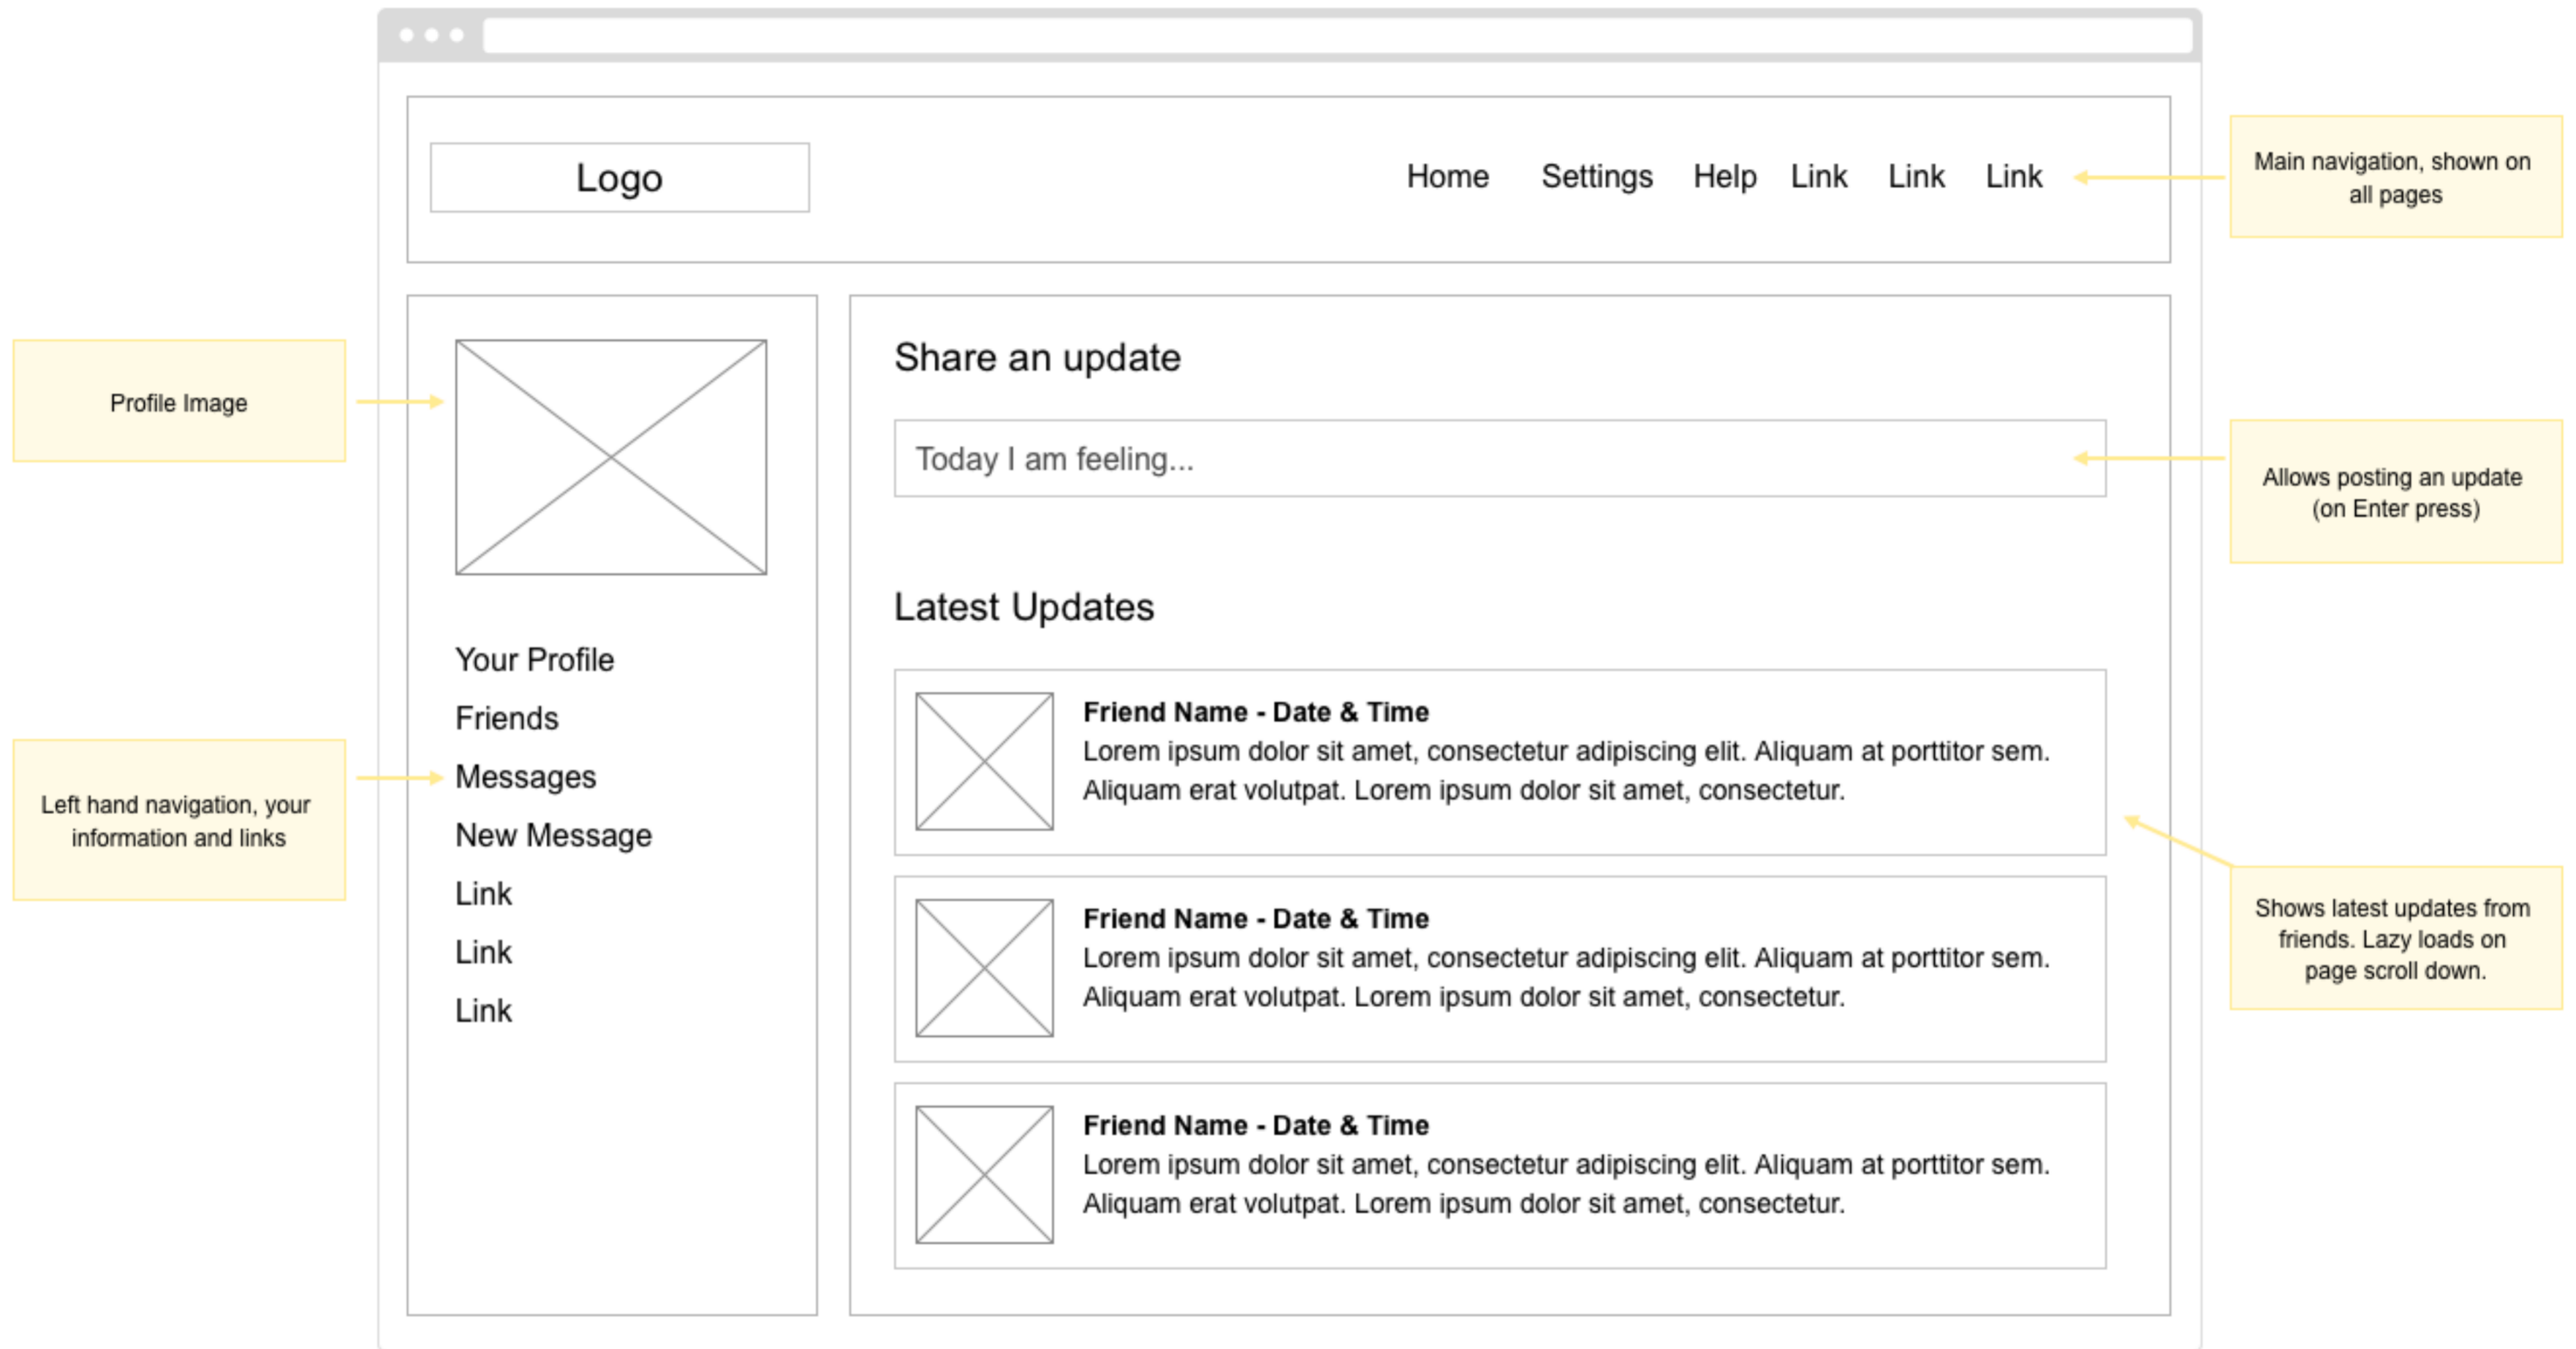

- PetBuddies Logo**: A rectangular box on the left side of the header.
- Header Text**: "PetBuddies helps you connect and talk to other Pets!"
- Text**: "Lorem ipsum dolor sit amet, consectetur adipiscing elit. Aliquam at porttitor sem. Aliquam erat volutpat. Donec placerat nisl magna, et faucibus arcu condimentum sed."
- Login Section**: Labeled "Login:", it contains an "Email address" input field, a "Password" input field, and a "Go" button.
- Signup Section**: Labeled "Don't have an account yet? Signup", it contains "Name", "Email", "Password", and "Confirm" input fields, followed by a "Signup to PetBuddies" button.
- Image Placeholder**: A large rectangular area with a diagonal 'X' is intended for a stock image of pets.

New Message

To: Friend Name, Friend Name 2, Friend Name 3

Message: Hey guys,
We all still up for the beach tonight? I can't wait. Can one of you please bring a radio as mine is out of batteries! doh. See you soon.

Manage your personal settings and other website settings.

The wireframe shows a settings page with a browser window border. At the top left is a 'Logo' box. To its right is a navigation menu with 'Home', 'Settings', 'Help', and three 'Link' items. Below the navigation is a left sidebar menu with 'Profile Settings', 'Notifaction Settings', 'Friend Settings', and 'Privacy Settings'. The main content area is divided into two sections: 'Profile Settings' and 'Password Settings'. The 'Profile Settings' section contains three input fields: 'Name' (with the value 'Barkly Huffington'), 'Birthday' (with the value '01/01/1970'), and 'Fav. Food' (with the value 'Ice Cream'). Below these fields is a 'Save' button. The 'Password Settings' section contains two input fields: 'New Password' and 'Confirm', both containing seven asterisks. Below these fields is another 'Save' button.
